Summary

1. Strong interest in engineering
2. Trained in music and other arts
3. Experienced with leading a group and communicating ideas

Work Experience

May 2019 – Present

Private Math Tutor
Students' Homes

Grade 11, 12
2 Hrs/Week
Total Hours: 28

As a private tutor for incoming high school freshmen, I learned how to pace a curriculum and manage a lesson. Teaching exercises my ability to translate math (Algebra I and Geometry) to English. I work in student homes.

Education

Aug 2016 – Present

Homestead High School
Cupertino
Degree 12

Volunteer Service

Aug 2018 – Present

Math Lab Tutor

Homestead High school
Grade 11, 12
2 Hrs/Week
Total Hours: 65

As a student tutor, I help struggling students with homework and test preparation one-on-one, as well as check for understanding and delivering occasional mini-lectures to groups.

Jul 2018 – Present

Assistant Tennis Coach

Los Altos
Los Altos Recreation Center
Grade 11, 12
2 Hrs/Week
Total Hours: 65

Assisted with teaching beginner tennis to a class of 8-12 students under Coach Francois Chan

Jul 2017 – Jul 2017

Pharmacy Assistant

Tainan, Taiwan
National Cheng Kung University Hospital in Taiwan
Grade 10
30 Hrs/Week
Total Hours: 60

As an assistant of the pharmacy wing of the hospital, I participated in the sorting and dispensing of prescribed medications, and also used Mandarin to provide customer guidance and support at a kiosk.

Extracurricular Activities

Jul 2019 – Aug 2019

Rose-Hulman Institute of Technology: Operation Catapult

Grade 11
60 Hrs/Week
Total Hours: 120

As Project Leader of a team of four, I gained real experience on engineering and product delivery through the production of a hovercraft made from scratch.

Jul 2019 – Jul 2019

UCLA Summer Pre-College: Design Media Arts

Grade 11
60 Hrs/Week

Total Hours: 120

Explored various methods of self expression through the creation of print, video, game, and web artwork.

Jul 2018 – Jul 2018

Georgia Tech Industrial Design Pre-College

Grade 10

60 Hrs/Week

Total Hours: 120

Through the Georgia Tech summer Industrial Design program, I gained experience creating concepts and working prototypes of products that assist disabled people.
